[REDACTED]  
BARTON, ACT, 2600

Dear [REDACTED]

**RE: APPLICATION TO LOP TREE**

The Executive Committee (EC) has considered your request to have a tree pruned, so as to enhance the view from your apartment, and has decided that the request must be refused.

The EC's policy on the management & care of Landmark's trees was reviewed at a meeting on 19 Apr 2012 and subsequently on the 1<sup>st</sup> of December 2014 and the primary reasons for denying your request are that pruning will only be carried out in consideration of the health of the tree, and, that no consideration will be given toward any request to retain or enhance views from any apartments.

An article on Landmark's tree care policy is published on the Landmark Website and a copy has been provided with this letter.

Yours sincerely,

Michael Grady  
Strata Manager
